

# FloorTag™ Frame Kit

Label, frame, lens and mounting hardware

- *Label protection to withstand the heaviest floor traffic in industrial and warehouse environments.*
- *Rugged aluminum frame protects label from the harshest abuse.*
- *Ample label size provides increased efficiency by allowing scanning from the forklift seated position.*
- *Interchangeable barcode labels facilitate quick and easy change-outs.*

## FEATURES

- *High durability to handle extreme environments where traditional label solutions fail.*

### Conforms to Industry Standards:

**GG-P-455-B**  
**MIL-DTL-19834C**  
**MIL-DTL-15024F**  
**ISO 15416**  
**ANSI-X3.182-1990,**  
**RoHS, WEEE, REACH**  
*as well as other applicable standards.*

## BARCODES

- *Imaged with Code 39, Datamatrix, or other barcode symbology if desired.*
- *Variable data can be generated from any sequence you specify or in the case of complex or random data you may provide an electronic data file.*
- *Our rigorous Quality Management System and robust data management services ensure data integrity and complete delivery.*

## MATERIALS

### \* Label kit includes:

- *Label 5" x 2.9" with ultra-durable photo imaged graphics embedded within .012" thick anodized aluminum, providing years of exceptional service in extreme conditions.*
- *Acrylic adhesive label backing.*
- *Rugged bevel-edged aluminum frame 0.125" thick.*
- *Clear protective acrylic lens that protectively encloses the label.*
- *Mounting hardware including fastening screws, concrete drill bit and driver.*
